The End Time Dimension of the Parables

'Counting The Cost'

Recommended Reading: Luke 14:27-33; Mark 12:41-44; Luke 18:22

The central theme of our lesson today has to do with counting the cost before we choose to follow Jesus. The Gospels make it crystal clear that the cost of becoming Christ's disciples is not cheap. In fact, following Jesus is the most expensive proposition of our lives because it costs us all that we have. We will find in the course of our study that many people accept Jesus on the spurt of the moment without realizing what their decision will cost them. For this reason, many professed followers of Jesus fall by the wayside. It is because of this danger that Jesus told the parables of the man who builds a tower and the king who goes to war.

PERSONAL PRAYER POINTS

- Help us to believe that Christ will give us power to overcome our sins.
- Help us to have a personal relationship with our living Saviour; and help us to reflect our character to that of our Saviour.
- Help us not only to accept the agency of the Holy Spirit in a general way but also to accept His work as a reprover calling to repentance.
- Help us to recognise the reality of estrangement (separation) from God, a realization of our bondage to self and sin.
- Help us to make efforts to reform ourselves and to realise that it is by the daily crucifying of self that this reformation will occur.
